## PROFESSIONAL SUMMARY

---

Experienced Software Developer proficient at solving complex problems and delivering innovative web applications. Skilled in cross-functional collaboration and committed to continuous improvement for team success.

## EXPERIENCE

---

### Forth Media LLC

February 2022 – February 2024

#### *Full Stack Web Developer*

- Developed and deployed over 15+ web applications while learning new languages and frameworks such as PHP, Python and Laravel.
- Charted a successful course of executing full-stack integrations for clients' e-commerce websites by successfully implementing CRMs such as Sticky.io and Konnektive backends.
- Created reusable user interface components while upholding development guidelines/workflow
- Conducted over 20 split tests to optimize user experience and increase conversion rates by 15% for e-commerce webpages.
- Aligned objectives and bridged communications with 5 different cross-functional teams, including designers and content creators, to ensure seamless integration of visual and functional elements in web development projects.
- Involvement in the complete development life cycle: design, coding, deployment, QA, and maintenance.

### Hack for LA

February 2022 – Present

#### *Web Developer*

- Contribute as a developer to the open-source Hack for LA website using Kanban and Git workflows.
- Exercise independence by self-assigning issues, reviewing code changes, and researching solutions.
- Refactor code to make the website more efficient, increase readability and follow standardized styling.
- Redesign sections of the website to ensure a more attractive and user-friendly experience
- Attend weekly team syncs, research and discuss features and review pull requests.

### Los Angeles Harbor College, Wilmington, CA

September 2019 - June 2020

#### *STEM Step Mentor*

- Mentored over 10 first-year STEM students, developing their understanding of STEM.
- Shared personal knowledge and insight based on experience with the students.
- Connected students to important resources on campus, such as professors, library faculty, STEM-related clubs, alumni, etc.
- Enhanced student understanding of ways to utilize college resources and student support services, such as careercenters, campus programs, tutoring/LRC, counseling, Financial Aid, Student Portal, etc.
